

100 WAR MEASURES PASSED

THE LEGISLATION IN CONGRESS MORE IMPORTANT THAN ANY OTHER IN WORLD'S HISTORY.

LIST OF BILLS MADE INTO LAW.

Including Government Control of Railroads and Telegraph.

Washington, D. C.—The present Congress has passed 100 bills which can appropriately be called war measures, including appropriations of more than \$22,000,000,000, close to one-half the wealth of Great Britain and her possessions.

It has passed more important legislation than any other body in the history of the world, says the Washington Star. It has passed a war-risk insurance bill which provides for insurance for our soldiers and sailors. Under this bill 2,682,153 of our boys have been insured and the government has written up to date \$22,581,196,000 of insurance.

Legislation providing for the War Finance Corporation, in which the United States practically goes into the banking business with \$100,000,000 capital; the railroad-control law, the taking over of the railroads of the United States, and also the telegraph and telephone; the laws providing for the various bond issues; Army and Navy appropriation bills amounting to billions of dollars.

The work of Congress during a session of record-breaking appropriations and legislation was commended by the President as follows:

"It seems to me that the work of this remarkable session has not only been done thoroughly, but that it has also been done with the utmost dispatch possible in the circumstances or consistent with a full consideration of the exceedingly critical matters dealt with. I have admired the work of this session. The way in which the two houses of Congress have cooperated with the executive has been generous and admirable."

PLAIN NATURAL IRON BEST TONIC

Costs but a Fraction What Weaker Preparations Sell for—A Spoonful In a Glass of Water a Day.

The absolute proof that medicinal iron would help blood and strengthen people wonderfully has caused many chemists to perfect more or less efficient iron tonics and more or less efficient tablets.

For most people, however, the writer would say that just plain highly concentrated Acid Iron Mineral is better, far cheaper and stronger and goes from two to six times as far.

A bottle of Acid Iron Mineral, kept handy and a teaspoonful poured in a glass of drinking water after meals, makes a delightful, very unusual, and highly beneficial tonic and strengthener, and if the blood needs enriching and purifying it would be hard to find anything that does it better or rids the system of rheumatism and kindred ailments quicker than just plain concentrated Acid Iron Mineral, which is the name for non-alcoholic natural iron.

It also has a beneficial effect upon appetite and digestion, and the kidneys soon show its effects.
(Note:—) A-I-M does not act as a laxative and should one be needed to stimulate the liver or bowels a good laxative tablet like A-I-M Pills is recommended.—Advertisement.

DELAYED INTERMENT

BODY OF STEPHEN T. RIVES BURIED YESTERDAY—FATH- ER OF MRS. POST WHEELER.

Mrs. Post Wheeler, formerly Miss Hallie Erminie Rives, the authoress of a native of this county—arrived in the city Tuesday night and yesterday was present at the interment of the remains of her father, Stephen T. Rives, who died at Amherst, Va., in January. His body was brought here soon afterwards and has been in a vault in Riverside cemetery. His daughter could not come at that time owing to the illness of her husband. The burial took place at 6:30 last evening with simple ceremonies. Mr. Rives was a Confederate soldier, who was born near Clarksville in 1832. Mrs. Wheeler is his only child. She will return to New York this morning.
